FOR DIVERSE AGES AND LEARNERS

Noise Level Control		
I hear a lot of screaming sounds!	Yelling noises	There is an emergency.
I hear big sounds!	Loud noises	I can be loud at outside recess.
I hear talking sounds.	Inside noises	Inside noises are in the classroom, the lunchroom, or on the bus.
I hear whisper sounds.	Soft noises	Quiet noise in small groups or in the hallway.
I hear nothing.	No noises	No sounds when someone is talking.

★ Chances ★
You are given 2 reminders to follow directions.
Following directions means doing what adults say and working.

Think about what you are being told.

You can do it!

HOW TO ASSEMBLE

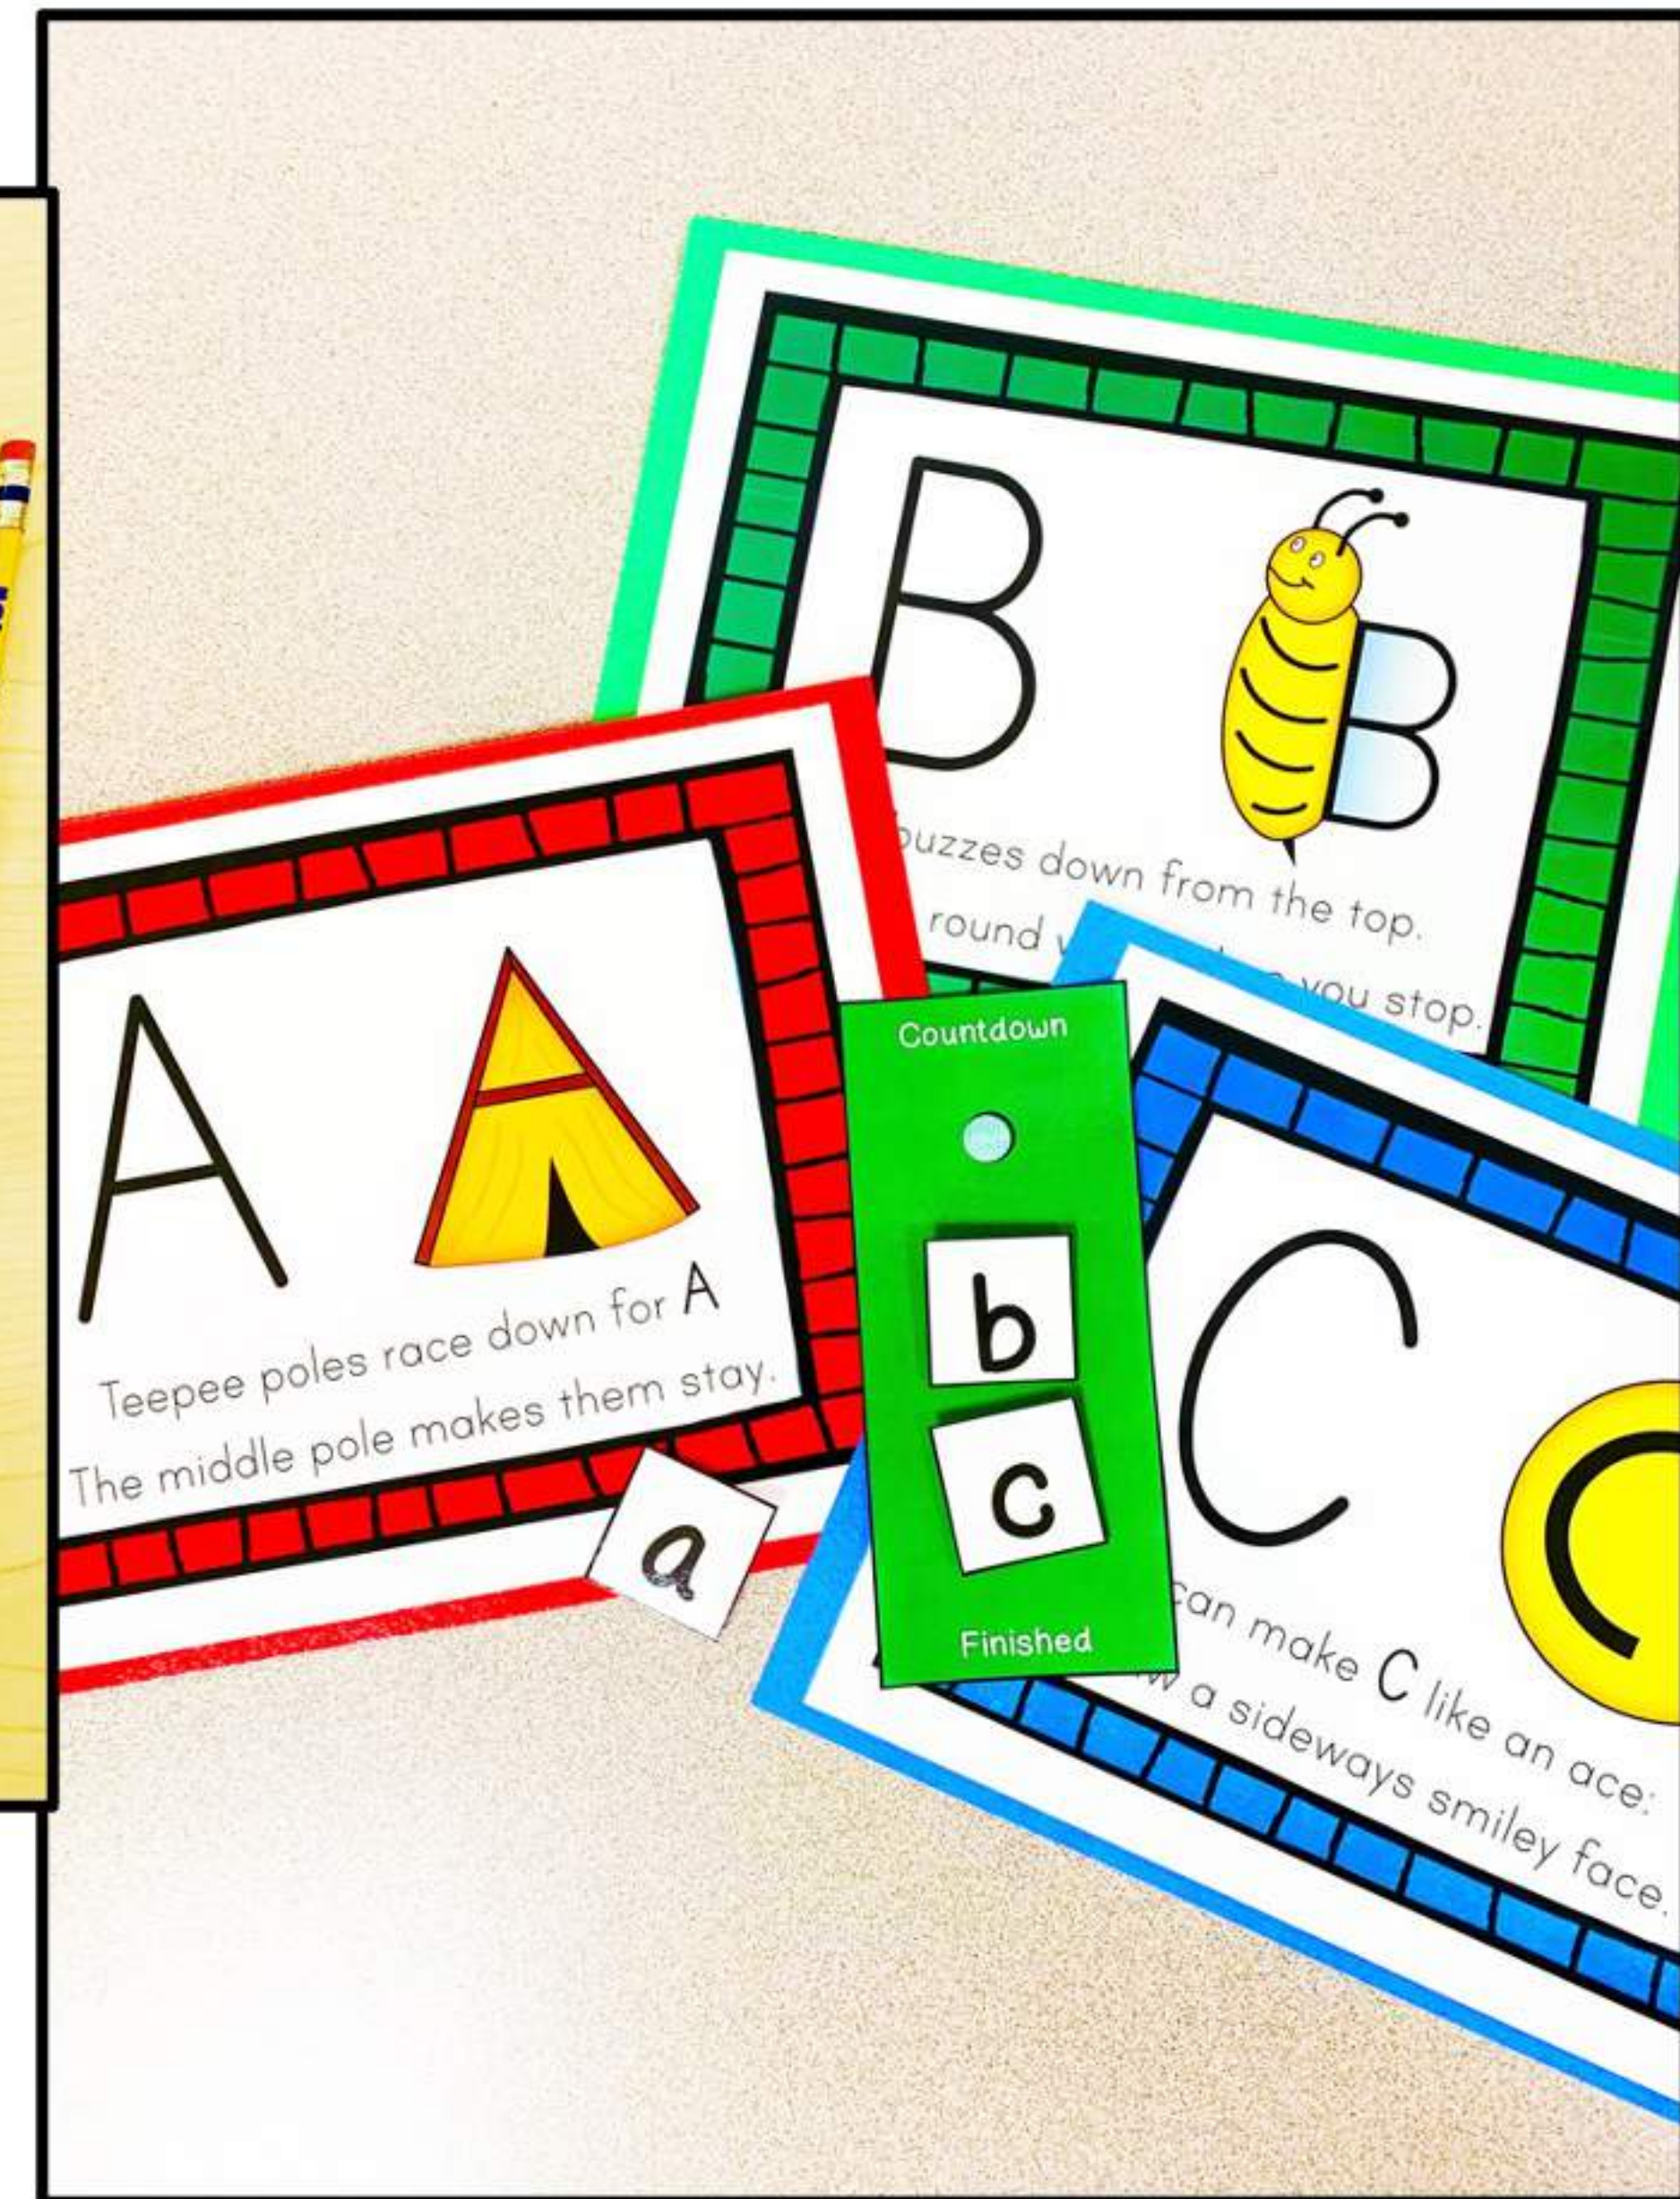

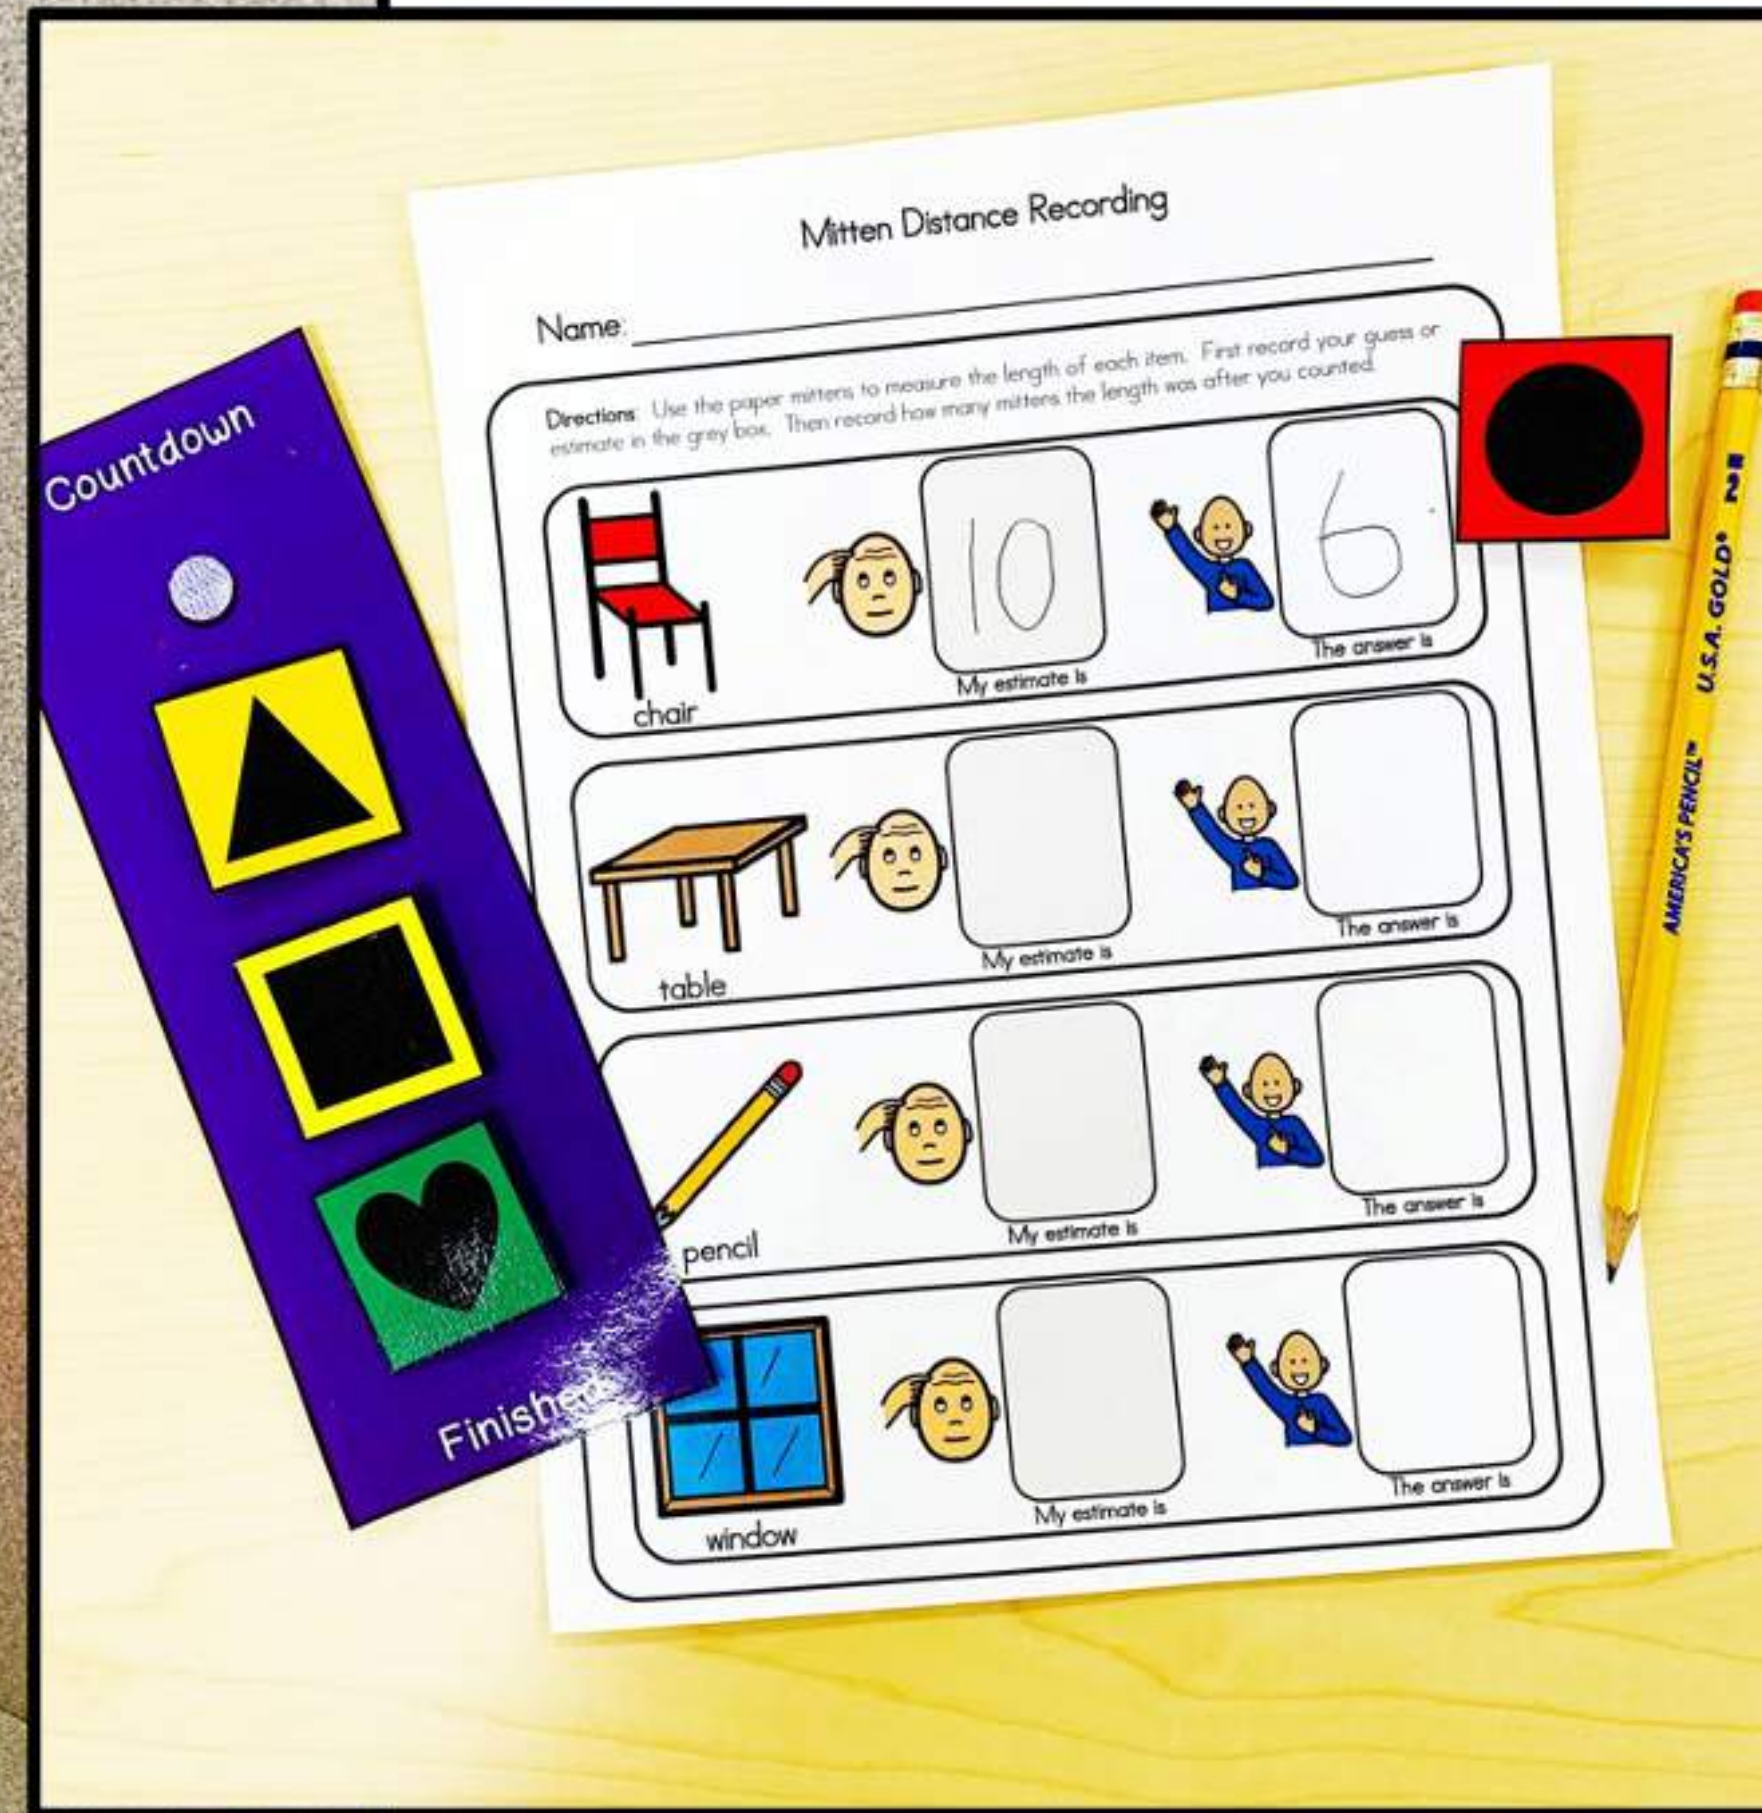

First print cut out the Chance Board so it looks like the picture directly below. Cut out a piece of same sized construction paper and glue it to the back of the board. Laminate. Cut out the lamination and then make 2 cuts as indicated on the purple dashed lines below. The purple lines do NOT show up on your printed copy.

Fold up the bottom flaps. Next add hard and soft Velcro as indicated by the labels in the pictures below. **Purple** is soft Velcro and **blue** is hard Velcro. I place the soft Velcro in the top locations and the hard Velcro in the bottom. Make sure to place the Velcro in the thick black lines on the front and directly behind them on the back.

★ resource feedback ★

I started using this system with a student that really struggled with behavior. I have seen significant positive changes in his behavior since implemented this system
