SPED MATH LIFE SKILLS

$\frac{2}{3} \times \frac{3}{5} = \frac{2}{5}$ $\downarrow$ $x+y=z$
Solve these equations.

$$7 + n = 14$$

$$10y = 70$$

$$x - 5 = 22$$

$$2y + 2 = 10$$

May Math Bell Ringer Recording Sheet I

Record your bell work in the correct box below.

Monday

—  $\frac{149}{528}$
Subtract the numbers.

 Remember to start in the ones column.

$$\begin{array}{r} 76 \\ -29 \\ \hline \end{array} \quad \begin{array}{r} 86 \\ -17 \\ \hline \end{array} \quad \begin{array}{r} 123 \\ -45 \\ \hline \end{array}$$

Tuesday

 Mrs. Rivera offered Jose 3 choices: a new pair

 of shoes, a paper clip, or a movie pass.

 Which is Jose least likely to pick and why?

Wednesday

 James started with 4 dollars. Two months later

 he had 12 dollars. Two more months later, he

 had 36 dollars. How much will he have in two

 additional months?

Thursday

 coins below written in standard form?

Friday

 Look at the graph below. Which subject did

 Vira do the best in? Which subject had her

 score?

Monday: Computation; Tuesday: Math Application; Wednesday: Math Application; Thursday: Money, Math Application; Friday: Number Sense, Math Computation

5 WEEKS OF PRACTICE

May Math Bell Ringer Recording Sheet 1

Record your bell work in the correct box below.

Monday

Subtract the numbers.

149
528

86
-17

123
-45

Wednesday

4 dollars. Two months later, he had 12 dollars. Two more months later, he had 36 dollars. How much will he have in two additional months?

Friday

Look at the graph below. Which subject did Vira do the best in? Which subject had her lowest score?

Monday: Computation; Tuesday: Math Application; Wednesday: Math Application; Thursday: Math Application; Friday: Math Application

May Math Bell Ringer Recording Sheet 2

Record your bell work in the correct box below.

Monday

Muhammad is digging potatoes in his garden. He asked Althea to help him. It took them 30 minutes to dig 1 row of potatoes. How long will it take them if there are 5 rows of potatoes?

Wednesday

Count by 10s to find the next 5 numbers.

20, 30, 40, _____

Friday

Add 7 yellow chips and 3 red chips to a box. Pick two students to take 1 chip at a time out of the box. After each selection, they will put the chip back, shake the box, and pull out another chip. Record their selections.

Monday: Time; Computation; Tuesday: Computation; Math Application; Wednesday: Number Sense; Thursday: Computation; Math Application; Friday: Number Sense

May Math Bell Ringer Recording Sheet 3

Record your bell work in the correct box below.

Monday

Anthony can do 10 high jumps in 30 seconds. Patricia can do a 50 toe touches in 30 seconds. What's the ratio of high jumps to toe touches?

Wednesday

How do you add or subtract numbers if one is positive and one is negative?

Try -6 and 10.

Friday

What information do you need to know to write a check? Fill out the check below by paying 27.52 to the Waterworks Company for your water bill. Date the check with today's date.

Monday: Number Sense; Tuesday: Computation; Wednesday: Number Sense; Thursday: Computation; Friday: Computation

May Math Bell Ringer Recording Sheet 4

Record your bell work in the correct box below.

Monday

LaShae bought a bag of lawn fertilizer. After reading the directions, she discovered that she needed to use 15 of the 30 cups of fertilizer in the bag. What fraction of the bag will she still have?

Wednesday

What time is on the clocks below?

Friday

On May 5th, Sharron said there were 16 more days of school not counting the weekends. Use the calendar below to color in the last day of school.

Monday: Computation; Math Application; Tuesday: Geometry; Wednesday: Time; Thursday: Geometry; Friday: Number Sense

May Math Bell Ringer Recording Sheet 5

Record your bell work in the correct box below.

Monday

If Kari bought 2 sets of sandals for \$20, what was the unit rate per pair of sandals?

Wednesday

Rounding numbers let's you estimate. How could estimating help? Round the numbers below to the nearest 10.

42, 235, 6004, 58, 13, 100

Friday

How wide is the board? How long is it?

Monday: Math Application; Computation; Tuesday: Computation; Money; Wednesday: Number Sense; Thursday: Computation; Friday: Math Application

ANSWER SHEETS INCLUDED

May Math Bell Ringer Recording Sheet 1
Record your bell work in the correct box below.

Monday
Subtract the numbers.
$$\begin{array}{r} 86 \\ -17 \\ \hline 69 \end{array}$$

$$\begin{array}{r} 123 \\ -45 \\ \hline 78 \end{array}$$

Mrs. Rivera offered to buy a pair of shoes for \$20. Which is Jose's best choice?
A. A pair of shoes for \$10.
B. A pair of shoes for \$15.
C. A pair of shoes for \$20.
D. A pair of shoes for \$25.
Jose is looking for a pair of shoes that cost less than \$20. Which is his best choice?

Wednesday
Sara started with 4 dollars. Two months later, she had 12 dollars. Two more months later, she had 36 dollars. How much will she have in two additional months?
\$108

Friday
Look at the graph below. Which subject did Vira do the best in? Which subject had her lowest score?
Best score: Science
Lowest score: Language Arts

May Math Bell Ringer Recording Sheet 2
Record your bell work in the correct box below.

Monday
Muhammad is digging potatoes in his garden. He asked Althea to help him. It took them 30 minutes to dig 1 row of potatoes. How long will it take them if there are 5 rows of potatoes?
It will take them 2 and a half more hours.

Wednesday
Count by 10s to find the next 5 numbers.
20, 30, 40, 50, 60, 70, 80, 90

Friday
Add 7 yellow chips and 3 red chips to a box. Pick two students to take 1 chip at a time out of the box. After each selection, they will put the chip back, shake the box, and pull out another chip. Record their selections.
Answers will vary.

May Math Bell Ringer Recording Sheet 3
Record your bell work in the correct box below.

Monday
Anthony can do 10 high jumps in 30 seconds. Patricia can do a 50 toe touches in 30 seconds. What's the ratio of high jumps to toe touches?
10:50 or 1:5

Wednesday
How do you add or subtract numbers if one is positive and one is negative?
Try -6 and 10.
Use a number line if helpful.
 $-6 + 10 = 4$

Friday
Fill out the check below by paying 27.52 to the Waterworks Company for your water bill. Date the check with today's date. You need the date, the name of who you are paying, the amount, the amount in standard form, the type of payment, and a signature.
PAY TO THE ORDER OF Waterworks Company
Twenty-seven and 52/100
\$27.52
May water bill
411565761

May Math Bell Ringer Recording Sheet 4
Record your bell work in the correct box below.

Monday
LaShae bought a bag of lawn fertilizer. After reading the directions, she discovered that she needed to use 15 of the 30 cups of fertilizer in the bag. What fraction of the bag will she still have?
 $\frac{1}{2}$

Wednesday
What time is on the clocks below?
5:00 9:45 6:30

Friday
On May 5th, Sharon said there were 16 more days of school not counting the weekends. Use the calendar below to color in the last day of school.

May Math Bell Ringer Recording Sheet 5
Record your bell work in the correct box below.

Monday
If Kari bought 2 sets of sandals for \$20, what was the unit rate per pair of sandals?
\$10 per pair of sandal

Wednesday
Rounding numbers let's you estimate. How could estimating help? Round the numbers below to the nearest 10.
42, 235, 6004, 58, 13, 100
40, 240, 6000, 60, 10, 100

Friday
How wide is the board? How long is it?
11" long 2" wide

Time, Computation

MATH GOALS AND TEMPLATE

IEP Math Goal Categories and Language

Computation Goals

Computation Goals

answer 80% of the problems within two minutes in two out of three opportunities.

ST will solve (insert desired number) addition and subtraction problems with 80% accuracy in two out of three trials.

the problems within two minutes in two out of three opportunities.

ENT will use correct operations and solve math comp
r in three out of four trials.

DENT will identify the location of a graphed point by plotting coordinates in two out of three trials.

Geometry Goal

Geometry Goal

UDENT will identify, name, draw, and solve problems with
h 80% accuracy.

Mathematical Application Goals

Mathematical Application

STUDENT will solve real world word problems involving multiplication and division of whole numbers and the necessary math processes to complete the problem with a variety of strategies. The student will use appropriate tools such as manipulatives, number lines, and area models to solve the problems.

STUDENT will solve simple math computation problems by identifying which operations to use, and utilizing appropriate tools such as calculators and pencils.

STUDENT will solve mathematical story problems involving one or two step problems with 80% accuracy.

STUDENT will solve mathematical math facts with 80% accuracy.

Measurement Goal

Measurement Goal

Determine the length of an oblique

Name: _____

IEP Math Goal Categories and Language

Money Goals

Money Goals

STUDENT will identify the names and values of coins (penny, nickel, dime, quarter) with accuracy in three out of three trials.

When given money, student will identify the amount in words and numerals.

When given money in the amount of \$50 and less including included bills and values of coins (penny, nickel, dime, and quarter), STUDENT will select out of three trials.

Number Sense Goals

STUDENT will use ordinal numbers (1st through 10th) out of three trials.

STUDENT will name and order quantities up to 100.

STUDENT will identify which collection is "more" "less" naming the collection when counting up to twenty with 80% accuracy in two or three trials.

STUDENT will identify numbers and quantities using the words "more," "less," and "same" by touching, pointing, and matching sets of objects with 80% accuracy two out of three trials.

STUDENT will interpret information from a graph of quantities up to (insert desired number) with 80% questions pertaining to the graph.

When presented with text or visuals, STUDENT

When given a number greater than 10, STUDENT will identify, represent, and compare fractions, decimals, and percents with 80% or greater accuracy.

When given a sequence of numbers, STUDENT will round the number to the nearest ten with 80% accuracy.

SENT will identify the next three omitted numbers
