EASY TO EDIT PARENT NOTES

Dear Parents and Guardians,

This sheet is a behavior chart for the whole month. It will be filled out each day at school and come to you when your child returns home. Each day your child will record either a smile for a great day, a straight line for an okay day with a minor problem, or a frown for a challenging day. Please talk to your child about their day and their behavior. Then send the chart back to school so we can use it the next day. Thank you for your support and for sharing your child with me each day!

😊 = Great day

😐 = Okay day

😞 = Challenging day

A great day would look like your child following all the school rules, completing all work, and being a good citizen.
An okay day would look like your child was following most of the school rules, completing some work, and being a good citizen.

A challenging day would look like your child struggling to follow the school rules, completing little or no work, and disrupting the education of himself or herself and the class.

Dear Parents and Guardians,

This sheet is a behavior chart for the whole month. It will be filled out each day at school and come to you when your child returns home. Each day your child will record their behavior for the day. If they colored in a 5 that shows that they had a great day, a 4 shows that they had a pretty good day, a 3 shows that they had an okay day, a 2 shows that they had a challenging day, and a 1 shows that they had an unsatisfactory day. Please talk to your child about their day and their behavior. Then send the chart back to school so we can use it the next day. Thank you for your support and for sharing your child with me each day!

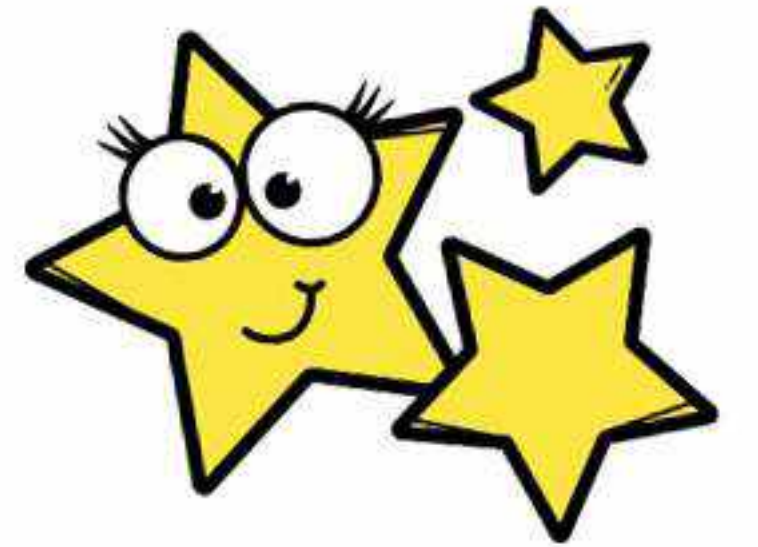

5 = Great day

4 = Pretty good day

3 = Okay day

2 = Challenging day

1 = Unsatisfactory day
